

GVM INSTITUTE OF TECHNOLOGY & MANAGEMENT

AFFILIATED TO DCRUST UNIVERSITY,

APPROVED BY AICTE MINISTRY OF HRD, GOVT. OF INDIA

A PREMIER TECHNICAL INSTITUTE FOR GIRLS IN HARYANA

BCA BBA MCA MBA

LEARN TODAY LEAD TOMORROW

GVM Institute of Technology and Management was established in 2002

with the aim of providing top-quality Post Graduate education for Girls in the fields of Computer Applications and Information Technology. Since its inception, the Institute has maintained high academic standards and has successfully provided trained manpower to the industrial and services sector of the country.

The College is affiliated to the DCRUST, Murthal, and is managed by the Shri Sanatan Dharam Sabha society, a registered public body running a chain of educational and technical Institutions in Sonepat.

We provide quality education, with a focus on professional excellence in the offered streams of Management & Computer Applications.

The members of staff, both teaching and non-teaching work with a real sense of commitment and have contributed in building up this temple of learning.

The Institute promotes studies as well as research in emerging areas of higher education with focus on professionalism and multifaceted development of the students. Institute ranks very high in academic results, placements and co-curricular activities and committed to do still better.

Education at GVMITM, is aimed at developing the intellectual and personal strengths of our students. Nurturing creativity and innovation through challenging project work, participative learning and providing an environment conducive to sparking ideas and imagination

MESSAGE FROM PRINCIPAL

"We cannot always build the future for our youth, but we can build our youth for the future."

-Franklin D. Roosevelt

These words by Franklin D. Roosevelt perfectly describe our aim at GVM Institute of Technology & management. Beyond providing a sound education, we wish to provide our students a holistic learning experience for life. Our aim is to teach students to LEARN, not just STUDY.

We have realized that the future is abstract and unknown but the youth in our hands are real and can be moulded.

Dear students, "You are the nation-builders. You are the movers of technology. You are the agents of change." It is our fervent hope that the years that you spend in GVMITM would enable you to equip with leadership and managerial skills. The knowledge that you will gain, the fine qualities that you will imbibe and the technical skills that you will learn to apply will be your major contribution to your parents, to society, and to the nation.

We invest our trust on you. You are our safe source and we bank all our efforts on you. We create not the future instead we craft you for the future. There are strong challenges to great efforts but, always remember, great effort bears the sweet fruit of success. We want you to taste the fruit of success once and for the rest of your life, you will never rest.

"You don't have to be great to start, but you have to start to be great."

Best wishes.

Dr. Manju Papreja Principal

FACULTY

GVMITM has professionally qualified and experienced permanent faculty contributing to the Institute's academic excellence. Part-time and Visiting faculty too contributes to enrich the quality of the core courses.

GVMITM- VISION & MISSION

Vision

The empowerment of women-through higher education in the field of technology and management and to enable them to realize their innate potential and mould their overall personality

Mission

- To impart knowledge, skills and creativity to all girls students...
- To provide a favourable environment for quality teaching, learning, and research
- To create awareness on sustainable technologies and innovative solutions to societal problems including entrepreneurship.
- To strengthen Industry- Institute Interaction for imbibing corporate culture amongst faculty and students.
- To honour commitment towards social and moral values.

GVMITM- QUALITY POLICY & OBJECTIVES

Quality Policy

We at GVM Institute of Technology and Management are committed to achieve students & parents satisfaction by providing quality education in the field of Computer Applications and Management by active participation of all employees and associates and continually improving our services.

Quality Objectives

- To ensure 100% successful result by providing latest teaching and technical aids.
- To ensure overall development of students by ensuring their involvement in extra curricular activities.
- To ensure 100% placement of the students in reputed organizations of national and international level.

DEPARTMENT OF COMPUTER APPLICATIONS

Vision

The department of computer application strives to groom students with diverse background into competitive software professionals with moral values and committed to build a vibrant nation.

Mission

- To impart high quality professional training at the postgraduate and graduate level inculcating a capacity for critical and lateral thinking.
- To develop the youth into professionals who can work in team, possess high analytical abilities, and help in solving complex problems of various domains through principles of computer science and applications.
- Empowering the youth in rural communities with computer Technology.
- To encourage entrepreneurial environment and nurture innovative ideas

COMPUTE DAT COMPUTER ARCHITECTURE DATABASE MANAGEMENT PROGRAMMING LANGUAGES WEB TECHNOLOGIES DATA SCIENCES SOFT COMPUTING SOFTWARE PROJECT MANAGEMENT **CYBERSECURITY** DIGITAL MARKETING

DEPARTMENT OF MANAGEMENT

Vision

To challenge, conquer and become a Center of Excellence in the management discipline with a strong research and teaching environment, camouflaged with the human ethics, determination and pledge to construct the most excellent professionals for society and the nation.

Mission

- To impart Value based education among students by developing Critical thinking, Business analysis and Problem solving abilities.
- To foster environment for students conducive to innovation, research & entrepreneurial leadership to inculcate professional ethics and accountability for social community.
- To develop soft skills of the students in order to increase their employability to interact with the industry, educational and research organizations.
- To impart knowledge and skills in the fields of curriculum development, training and research to meet the demand of quality technical manpower at domestic & international level.

COURSES OFFERED

BCA Full Time
3-year Degree

Bachelor of Computer Applications

BBA Full Time
3-year Degree

Bachelor of Business Administration

MCA Full Time
2-year Degree

Master of Computer Applications

Full Time
2-year Degree
Dual Specialization

Master of Business Administration

UNDER GRADUATE COURSES

BCA: Bachelor of Computer Applications

BCA is a 3- Year Regular Degree Course run by DCRUST, Murthal. The highlight of this course in computer sciences includes the latest curriculum including futuristic technologies like Bio-Info Tech, AI , Latest Programming Languages, Digital Marketing, Live projects and vigorous training at the industry supplement the theoretical knowledge imparted to students.

At the end of three years, students emerge fully equipped with computer skills, which enable them to join the industry as programmers or system analyst. They can also opt for MCA/MBA or IT at Post Graduation level.

BBA: Bachelor of Business Administration

BBA is a 3 years regular degree course run by DCRUST Murthal. The curriculum of the BBA is designed keeping in mind the basic objectives of job orientation by blending computer and management skills and imparting the analytical and problem solving abilities to the students.

Apart from covering the basic areas of management, the course equips the students with the latest job oriented subjects like Computers in Management, Marketing and Project Development Skills, Banking and Insurance

POST GRADUATE COURSES

MCA: Master of Computer Applications

MCA is a very practical program with instructional courses, seminars and project work spread over the first five semesters. During the Last semester students generally go to the industries and implement a real time project, which is directly useful to the organization concerned.

Students are trained in the fields of Research, Systems Designing, Application Software Development, Enterprise Resource Planning, Computer Networks, System Administration, Web Designing and Development, Database Administration, Parallel and Vector Processing, Data Mining and Warehousing, etc.

MBA: Master of Business Administration

MBA is a degree designed to give you the ability to develop your career to its fullest potential, at an accelerated pace. What will you get out of an MBA? Aside from a powerful life experience, the MBA degree should supply three main value propositions: Skills, Networks, and Brand.

An MBA degree program offers access to a network of MBA students, alumni, faculty, and business and community leaders. This network can be very useful when beginning a job search, developing a career path, building business relationships in your current career, or pursuing expertise outside your current

Learning Resources

Expanding Horizons

Smart Classrooms

smart learning spaces with sophisticated software, interactive modules, smart boards, and audiovisual aids.

Well Equipped Labs

Modern computer labs equipped with more than 200 computers comprising High end servers and nodes. Fully operational high speed dedicated WiFi Internet connection to provide uninterrupted Internet access to the students.

Library

Well-stocked library which boasts of a rich collection of more than 12,000 books; further additions to titles and volumes are underway. Our e-library also substantially complements the printed reference section.

Student Information Centre: Our Help Desk serves as the primary point of contact, providing necessary information for smooth and hassle -free communication

Cafeteria/Canteen: Cafeteria at GVMITM is a delightful place to interact and rejuvenate; where students can take refuge from their daily hectic schedule. It serves delicious food at affordable rates in a hygienic environment.

Specialised Language Lab

Technological infrastructure and expertise required for learning the English language through advanced modules specifically designed for improving LSRW (Listening, Speaking, Reading and Writing) skills. It allows independent learning through language-specific software and online resources.

Seminar Hall: Air-conditioned Seminar hall with a capacity to accommodate 250 people; equipped with advanced presentation tools. Serving as a platform of interface, this hall is used to conduct conferences, seminars, talks and workshops.

Learning Resources

Expanding Horizons

Hostel

We have two hostels 'Ojaswini Kunj' and Tejaswini Kunj for the students of all streams within the college campus. We understand that most of our students are moving away from home for the first time, so we strive to make the transition as smooth as possible by offering comfortable and safe hostels within the campus.

Bank

The college has an extension counter of the State Bank of Bikaner and Jaipur. The branch is CBS. The facility is extended to all students, faculty and staff of the college in normal banking hours

Health Care Center

Health Centre facility is provided in the campus under the guidance of Dr. Neelam Pruthi The doctors from Sant Guru Charan Dass Charitable Hospital(Unit of Shri Santanam Dharam Sabha) also visit the center on regular basis. Dr.Alka Malik,Dental Surgeon visits the health center once a week.

"Education is the passport to the future, for tomorrow belongs to those who prepare for it today"

-Malcolm X

Academic Manifesto

Our Pledge... Holistic Education

Pedagogy

At GVMITM we employ state-of-the-art teaching methodologies to facilitate smooth functioning of teaching-learning process. Our up to date e-learning platforms guarantee effectiveness of these strategies to ensure productive learning outcomes.

Assessment and Evaluation

Our specialized faculty members use formative, summative and process assessment procedures for the continuous evaluation of our students. We conduct Internals, Mock Practicals and Pre-University Examination to drill our students to face their final exams.

Tutorial Classes

Tutorial teaching is a unique aspect of the educational experience at GVMITM. These interactive sessions are especially designed for the students who need additional support and guidance to clear their doubts and problems.

Research & Project-Based Learning

The college nurtures various research and project initiatives that offer opportunities in multidisciplinary environment. Our strong inclination towards research encourages the spirit of innovation in the institution. The students are motivated to submit projects annually in their fields of interest.

Teacher Parent Association

A highly participative forum where faculty and parents exchange feedback and continuously strive for reforming strategies for the overall development of the students.

Student Feedback: We are committed to the highest standards of education for our students, and encourage them to provide rational and constructive feedback concerning teaching and non-teaching staff, institutional policies and campus facilities.

Student Support

- Pre-Admission Counselling: We provides information to the students regarding career options available to them based on their interests, subject and aptitude profile. knowledge Subsequently, interactive counselling sessions are offered with our subject experts to clarify queries regarding the admission available process and subject combinations.
- Mentorship Programme: This programme facilitates one-to-one interaction between a student and a designated faculty member to provide support for her personal, academic and overall development on the campus.
- Student Security: Our prime concern at GVMITM is to ensure zero tolerance towards any lapse on the safety front. Tight security network through CCTV cameras, and attendance notifications sent to the parents are checkpoints to ensure safety of our students.

Content Beyond Curriculum

"The whole purpose of education is to turn Mirrors into Windows"

Along with the technical Knowledge, an individual must be confident, vivacious and smart enough to become a winsome package in the industry. This all can be achieved through enhancement in personality. Personality is the combination of both- the external and the internal traits of human being. We focus on the development of both the external i.e. body language, expressions, communication skills as well as the internal i.e. attitude thought etc. along with pruning of all that is unwanted or undesirable in one's personality.

SHORT TERM COURSES

- Digital Marketing
- Programming (Android, Python)
- Aptitude Classes
- Communication Skill Courses
- InterviewPreparation

VALUE ADDITION ACTIVITIES

- Group Discussions
- BusinessCommunication & Ethics
- Presentations
- Resume Writing
- Debates
- Interviewee Skills
- Case Studies
- Guest Lectures
- IT Quiz

- Live Industrial Projects
- Aptitude Tests
- Summer Internship
 Process
- Industrial Visits
- One-to-one meetings with students
- Alumni Interactions
- Industry Interactions.
- Mock Drives

Industrial Visits

"Knowledge is of no Value unless you put it into Practice"

Industrial Visits focus on preparing the participants to learn about the day-to-day workings of a particular industry and understand its operational issues. The programme also helps keep students abreast with the current management and IT practices followed by such organizations and acquire traits that the industry demands of them.

Regular Industrial Visits are conducted for the students which provide students with an opportunity to learn practically through interaction, working methods and employment practices. Visiting a company gives students a practical perspective on the world of work, it gives them exposure to current work practices as opposed to possibly theoretical knowledge being taught in curriculum

TRAINING AND PLACEMENT

CAREER GUIDANCE & PLANNING

Training and Placement cell at GVMITM Sonepat is a self-contained focused area, headed by professionals with proven track records in the industry. The association of these experts from the industry brings along with them, the corporate culture, influential patronage, and closely-knit relationship, thoroughly woven with industry. This cell operated with a two-fold focus i.e. augmenting internal competencies by fostering contemporary grooming of students and by enabling industry to identify and absorb intellectuals with requisite technical & managerial skills. This cell is continuously striving for 100 percent training and placement of students in suitable organizations and also caters to the need of self-employment through technical & managerial assistance thus enabling future entrepreneurs to start their own ventures.

Key to Success
is to
START
before you are
Ready

-Marie Forleo

TRAINING & PLACEMENT ACTIVITIES

PREPLACEMENT TRAINING

The T& P Cell has been established with an aim to bridge the gap between industry requirements and University Curriculum. The T&P Cell conducts preplacement training sessions to equip students with necessary skills to help them excel in their chosen domain

PERSONALITY DEVELOPMENT

The T & P Cell organizes a series of tests and workshops to recognize their strengths & overcome their shortcomings. The main aim is to groom students so that they can deal with the challenging situations of Professional Life

SOFT SKILLS & APTITUDE TRAINING

Sessions and special programs to train students on analytical, logical, verbal, and critical reasoning. Along with English verbal and language adaptability, the key features of the program include problemsolving and time-saving techniques.

GROUP DISCUSSIONS

Group Discussion enables a participating candidate to think in divergent directions to generate more ideas.

Mock group discussions to develop confidence, communication skills, teamwork

YOUTSELF

RESUME AND COVER LETTER WRITING

How to create an attention-grabbing resume is what the Placement Cell helps you with so that you capture the attention of employer using infographics and relevant information on the first page itself.

PERSONAL INTERVIEW

The Placement Cell trains students on important interview skills related to dress code, confidence, creativity, ability to react and respond, and handle stress. Mock face to face & Online Interviews are conducted to develop confidence in Students

EXPERT LECTURES

Round the year, guest talks, seminars and interactions are organized wherein eminent personalities from the corporate world and renowned institutions are invited to share real-life experiences with students. A good blend of theory and practice is experienced by students.

OUR RECRUITERS

Workshops/Webinars in 2022-23

Online workshops & Webinars comprised a major avenue for Learning during COVID-19 pandemic, When the world had come to a standstill we conducted interactive webinars for students so that **Learning Never Stops**.
